INVESTMENT PROCESS

To achieve its fundamental investment objective, under normal circumstances the Fund will invest: a) directly in equity securities of public companies listed on the Dow Jones Islamic Market Index 100 Titans (DJIMI); b) in instruments that mirror the performance of the DJIMI or instruments that mirror the performance of a selection of public companies listed on the DJIMI; and c) other investments that have been deemed Shari'ah compliant by an applicable Shari'ah advisory committee. The DJIMI has its own Shari'ah supervisory board comprising renowned scholars from around the world. Components of the DJIMI are selected by filtering the index universe through screens for business activities and financial ratios to remove stocks that are not suitable for mandated investment purposes. After removing companies with unacceptable primary business activities, the remaining stocks are evaluated according to several financial ratio filters, based on criteria set up by the DJIMI Shari'ah supervisory board, to remove companies with unacceptable levels of debts or interest income. In addition to the quarterly and annual composition reviews, the Index is reviewed on an ongoing basis. The majority of stocks in the Fund are selected from this index, which means the fund portfolio is compliant on an ongoing basis.

DJIMI Shari'ah Supervisory Board

The DJIMI Index Shari'ah Supervisory Board is an independent Board that consists of five eminent scholars from around the world. The geographical diversity of the scholars ensures that diverse interpretations of the Shari'ah laws are represented. The Board includes Shaykh Abdul Sattar Abu Ghuddah (Syria), Shaykh Nizam Yaquby (Bahrain), Shaykh Dr. Mohamed A. Elgari (Saudi Arabia), Shaykh Yusuf Talal DeLorenzo (United States) and Shaykh Dr. Mohammad Daud Bakar (Malaysia).
